Summer Hair Trend: Short Haircuts & Bold Color With summer's rising temperatures, long flowing hair can be too heavy a load. As shown by some of Hollywood's best, summer is the perfect time of year to revamp your look and go for a cute cropped haircut. This season's style trend is simple, short, and sweet. From angled to asymmetrical, the short cut is all the rave. As the weather heats up so do the hairstyles, as many women are following the short and sleek celebrity hair trend, enhanced with bold colors that pop in the sunlight.

Latrice Strader, Master Hairstylist and Owner of Destiny De'Ve Hair Salon in Washington, D.C. knows how popular these styles are, especially in the summer. "My clients love how convenient short hairstyles are and easy to maintain," says Latrice. "They're perfect for any woman who doesn't have a lot of time in the morning to spend on her hair, but wants maximum style," Latrice continues. Whether you are conservative, artsy, or simply girly and fun, the short cropped cut is guaranteed to highlight your face and take a load off your shoulders. These celebrity looks aren't impossible to achieve.

Below, Latrice explains how every woman can find the celebrity style that fits them best.

Vamp It Up

With Twilight star Kristen Stewart's luscious new do, her face is delicately framed while her wispy bangs with auburn highlights keep her face elegantly glowing. "Summer is a great time of year to go with a lighter shade," says Latrice. "This length is perfect for women with a more oval shaped face, who may typically shy away from short cuts" Latrice continues.

Fiery Red Hot Hair

Rihanna takes daredevil to a new level with her cropped semi-shaved bright red hair cut. Bold and vivacious, Rihanna's hair shows off her wild spirit. "Bold colors are definitely in this season," says Latrice. "Shades of red and copper look fantastic on brown skin tones and bright orange adds an amazing pop of color to more fair skin tones."

Short & Sweet

Hayden Panettiere's smile isn't the only thing getting attention this summer. Hayden's short golden tresses highlight her healthy glowing skin while framing her face with sleek bangs. "Side swoop bangs are very popular right now and look great with a super short cut," says Latrice.

Low Maintenance, High Altitudes

Janet Jackson shows off her chic hair do that is perfectly coiffed high above her head. Perfect for the red carpet, Janet's hairstyle keeps her looking fresh and radiant with maximum style in minimal time. "This elegant look works well for many occasions," says Latrice. "It's also very versatile and can easily be transformed and smoothed down to an everyday look."
